ABOUT THE COLLEGE

Villa Marie Degree College for Women, Hyderabad, is a premier institution committed to empowering young women through quality education and holistic development. Established with a vision to nurture academic excellence and ethical values, the college offers a vibrant learning environment supported by dedicated faculty, modern infrastructure, and a wide range of academic programs in Arts, Commerce, and Science. With a strong emphasis on innovation, discipline, and leadership, Villa Marie continues to be a beacon of higher education, shaping confident and competent women leaders for the future.

ABOUT THE FDP

The Faculty Development Programme (FDP) is being conducted on the theme “Empowering Educators for the Digital Age,” with the objective of equipping faculty members with essential digital skills and pedagogical strategies to meet the evolving demands of higher education. This programme will provide a platform for academic professionals to engage with emerging tools and best practices in digital teaching and learning.

The FDP will feature expert-led sessions covering a wide range of topics on education for the digital age. The FDP will conclude with a Valedictory Function, where participants’ involvement and accomplishments will be recognized. E-Certificates will be generated and posted on respective mail id of the participants and the contributions of resource persons and organizers will be formally acknowledged.

OBJECTIVES OF THE FDP

- To create awareness about the evolving roles and responsibilities of teachers and institutions in the digital era.
- To provide hands-on training on ICT tools useful for higher education teaching and learning.
- To enhance faculty capabilities in developing engaging presentations and digital pedagogical strategies.
- To enable educators to design and deliver high-quality e-content and digital certification.
- To promote effective classroom engagement through technology-enhanced teaching methods.

EXPECTED OUTCOMES

- Improved digital literacy and confidence among faculty in using ICT tools.
- Enhanced skills in digital content creation and presentation.
- Greater ability to engage students through digital pedagogical methods.
- Competence in designing e-certificates and managing digital academic events.
- Overall readiness to meet the challenges and responsibilities of teaching in a technology-driven academic environment.
