Health Center Report

Academic Year 2025-26

The health center on campus aims to provide immediate healthcare access, promote preventive healthcare, support mental well-being, raise health awareness, and create a safe and wellness-focused environment for students and staff.

- A Breast Cancer Awareness Programme was conducted to educate students and the community about breast cancer, its risk factors, The target audience comprised all final-year students, who actively participated in the session and gained valuable knowledge regarding breast cancer awareness, prevention, and the importance of regular health check-ups.
- A Health Care Camp was organized in collaboration with Vijaya Diagnostic Centre to provide basic health screening and promote preventive healthcare awareness. The camp offered health assessments and guidance from healthcare professionals, helping participants understand their health status and the importance of regular medical check-ups. The target audience comprised the teaching and non-teaching staff of Villa Marie, who actively participated in the camp and benefited from the health screenings and expert medical advice, fostering greater awareness of preventive healthcare overall well-being.
